ENGINEERING INSURANCE

INTRODUCTION

If your property contains a passenger or goods lift, a steam boiler, a pressurised air receiver or lifting plant machinery, you will need inspection cover to comply with Health and Safety Inspectorate legal requirements. If this equipment is vital to your business operation you should consider covering it against breakdown or unforeseen damage, which could result in unexpected and costly repair bills.

COVER AND BENEFITS

Inspection Service - This is provided for all machinery and plant relevant to your risk or trade.

Breakdown / Sudden unforeseen Damage - Cover options start at £100 000 and will ensure your lifts, boilers and plant are covered should the worst and unexpected happen.
